

Eventus International is proud to introduce some of the sponsors and exhibitors for the **Strategic Platform for iGaming Conference and Exhibition (SPiCE) 2019**, taking place from **25 - 27 February 2019** at **Goa Marriott Resort & Spa** in **Goa, India**.

TITLE SPONSOR:

Taj Rummy

The minds behind the Taj Rummy Network have had iGaming expertise since well over a decade. This venture began with its flagship brand – Taj Rummy – as an entry point into an emerging market. We figured the best place to find motivation and design our USPs was customer feedback, and we ploughed straight through creating breakthroughs one after the other:

Artificial Intelligence, Extended Auto Play, Smart Correction and IntelliSafe are a few of the features we have been the first to release into the industry. Our constant goal is to make the game as secure as possible by keeping up with technological advances and going the extra mile with every feature launched. We're also always on the lookout to offer something new and fresh to our end-users.

With a strong product in hand, moving to the network model was inevitable for us. We are proud to be the first and only rummy network in the Indian space – 6 brilliant brands live in the market, with more in the pipeline. Having achieved this without any external funding adds further value to our product, team and company.

We're very excited to be the title sponsors at SPiCE – it's a great show with the right mix of decision makers attending it. We anticipate some great business, ideas and networking opportunities during the event.
